You will find two dance studios with sprung flooring and our singing studio. Our larger dance studio is fitted with Ivy League dance floors who are Australia's leader for dance-safe floors.

The singing studio comprises the professional audio equipment including 6 radio (cordless) microphones which are used in EVERY class.

Come and visit us to feel inspired about your dancer's future.

When: Tuesday 23rd January from 5-7pm

Where: 84A O'Shanassy Street, Sunbury

What to bring: Yourselves! Plus, there will be the opportunity to pre-order our uniform (see below)

PERFORMANCE DATES

As tradition continues, we will be holding two annual performances a year:

Annual Theatre Concert: Sunday 26th August 2018 (venue TBC)

Below are our flexible fee options:

- Paid in FULL at the commencement of each term
- Weekly Direct Debit option (forms to be completed at Reception)

Paying week by week means you do not have to stress to pull together funds each time the term starts and may be more manageable for you! Payments will run each week of term and are suspended over the school holidays. Other fees such as costume levy will still be invoiced and payable at reception.

TIMETABLE

Our comprehensive timetable is sure to include something your dancer will love. Below are small descriptions on what you can expect for each genre.

Singing – Singing classes like no other! In this comprehensive program, your child will get to develop skills in solo & group exercises, harmonies, breathing, diction and more. PLUS, singing students in group or privates work with our professional microphones in every single class to learn the importance of microphone technique.

Ballet - Learn the grace and technique in classical ballet which is the core fundamental to all styles of dance. (RAD Syllabus & Progressive ballet technique - Ages 4+)

Jazz /Musical Theatre - Upbeat, fun and has many genres within itself! Focuses on flexibility, technique and learning how to perform using Musical theatre skills of drama, acting and song.

Tap - Make some noise! Tap dancing teaches you rhythm and co-ordination like no other. Using the CSTD Tapping Syllabus it is a great skill for a dancer to have.

Hip Hop - Derived from street dancing, hip hop is now a common part of the dance world. Learn the most current moves with attitude and you'll like you've just stepped out of a music video!

Lyrical – Lyrical is a relatively new style of dance merging ballet, contemporary and jazz moves together. The dance is emotive and often portrays a story which allows the dancer to tap into real expression. This is a technical class and prerequisites are in place (you must also be participating in ballet and/or jazz).

Acrobatics – Learn some seriously amazing skills to compliment any dancer. With a gymnastics element, acrobatics teaches the dancer how to incorporate tumbling or balance skills into dance routines.

Technique – For the dedicated dancer wanting to take their jazz (and often lyrical/contemporary) to the next level. Focus on flexibility, technique and performance while learning routines. This class is designed for intermediate level +

Adult Jazz/Cabaret – Beginner friendly and loads of fun! Leave your kids at home while YOU get to be the star. Learn basic jazz technique and steps plus a Cabaret style routine. (Performance optional)

Little Groovers - Our adorable 'Little Ones' get up to ALL the fun in a combined tap, jazz & song class (Age under 7yrs).

Tiny Groovers - A fun *preschool* program for girls and boys. Builds confidence through music, dance and interactive play. A great place to start your budding little performer! (Ages 1+)

Competitions dance/singing - Private lessons and additional group/troupe classes are available
